

BOLL SOUNDPROOF MAT WITH FELT

The soundproof mat with felt is a self-adhesive soundproof mat produced as a combination of a mixture of bitumen, elastomers and fillers of various granularity with soundproof felt. Suitable to be used in places where noise reduction is required.

Characteristics:

total thickness	9 mm
thickness tolerance	+/- 10%
weight	4.6 kg/m ²
weight tolerance	+/- 10%
storage temperature	+10/+35°C
operating temperature	-30/+90 °C
short-term thermal resistance	+90 °C
burning speed (UNI ISO 3795)	< 100 mm/min
combustibility (UNI ISO 3795)	class 2

Comments:

All technical specifications are approximate. We recommend to test the material to make sure it is appropriate for the specific application. The producer reserves the right to improve the product and change its technical properties, including modifications to the specification.
